Infectious Teamwork: An interprofessional panel discussion on COVID-19 Part 1

The Center for Interprofessional Education (CIPE) invites you to join us for a very special event in which some of the most intricately involved faculty members come together to speak about their professions' role and the interprofessional nuances of managing this COVID-19 crisis.

Erin Richards, DDS, Associate Director for CIPE, will facilitate a panel discussion with Adrian Cotton, MD; Lisa Hong, PharmD; Jessica Kim, DDS; and Brandie Richards, DNP for a robust discussion about their roles in patient care, how teamwork could improve and how this crisis may change the healthcare landscape.

Students, staff and faculty, alike, are welcome to tune in and be part of this discussion.

Adrian Cotton, MD
Chief of Medical Operations,
LLUH Hospitals

Lisa Hong, PharmD
Assistant Professor, LLU School
of Pharmacy

Jessica Kim, DDS
Director, Faculty Dental Practice
Assistant Professor, LLU School
of Dentistry

Brandie Richards, DNP
Program Director,
BS Pre-Licensure,
LLU School of Nursing

Date:

Wednesday, April 29, 2020
